

# Vertical Tillage Attachment

## WIL-RICH®

Vertical Tillage Attachment

*Converts your Chisel Plow to a Vertical Tillage Tool.  
Cost effective for today's farming practices!*

## Vertical Tillage Attachment

This attachment allows you to convert your WIL-RICH chisel plow into a vertical tillage tool - perfect for managing today's high residue farming. The attachment uses wavy coulters that can be attached to the chisel plow shank in place of points or sweeps. The down pressure on each shank stays uniform across the entire chisel plow. The shanks also act as a scraper for the coulters, so no extra equipment is needed to till wet and sticky soils. 7-10 HP per foot is recommended because of the high speed required.

1-3/4" wavy coulters for more aggressive action

### Why Use Vertical Tillage?

- Aerate and warm spring soil for earlier planting in cold and wet conditions.
- Mixes residue with soil to control erosion.
- High speed: 8 - 12 mph equals less time preparing your field.
- Conditions soil in high residue before or after fall tillage preparations.
- Designed for heavy trash at high speed.

### Specifications:

- Sizes: 10' to 59' - See 5800 Chisel Plow Literature.
- Dual mounted 17" diameter blades.
- Choice of blades, 1-3/4" wave (8-waves).
- Heavy duty bearings with triple lip seals.
- 6" spacing between blades
- Speeds of 8 to 12 mph for best results.
- Less receptive to blade damage by mounting blades to individual shanks verses gang mounted.
- Uniform working depth across unit.
- Cost savings, converts your chisel plow to a multiple purpose tool.
- 650 or 1000 lbs, shank point pressure.

### 3-Bar Heavy Duty Coil Tine Harrow

Optional finishing attachment is available for leveling soil and residue distribution.

- Five Tine Angle Adjustments.
- Five Harrow Height Adjustments.
- 5/8" Diameter Wire.
- 26" Long Tooth.
- Spring Loaded Harrow Arms.

Use the **5800 Chisel Plow** with chisel point for fall tillage preparation, or remove the points and replacing with Vertical Tillage Attachment. One Tool with multiple purposes.

**Note:** Fits Wil-Rich models 5810, 5830 and 5850. Vertical Tillage attachments may not fit on all Chisel Plows. Check with your Dealer or Factory Representative.
