

150 IMP GAL TANK

HYDRAULICALLY DRIVEN PUMP

100' 3/4" FIRE HOSE ON INDUSTRIAL COX REEL

SCOTTY FIREFIGHTER NOZZLE & FOAM CARTRIDGE

48" WIDE HEAVY DUTY 3/16" STEEL SKID

FORK POCKETS

Designed as a quick response to combine fires.

This unit features an industrial cox reel, 150-gallon water tank, 3/4" hose mounted on a 48" heavy-duty steel skid, and Scotty Firefighter cartridge-based foam delivery system.

The **QR150H** utilizes a pump powered by your tractor's hydraulic lines for quick access in the field. An optional mounting kit from J&M is available.

Works with tractor hydraulics.
